Before it turns cold, you have permission to work outdoors

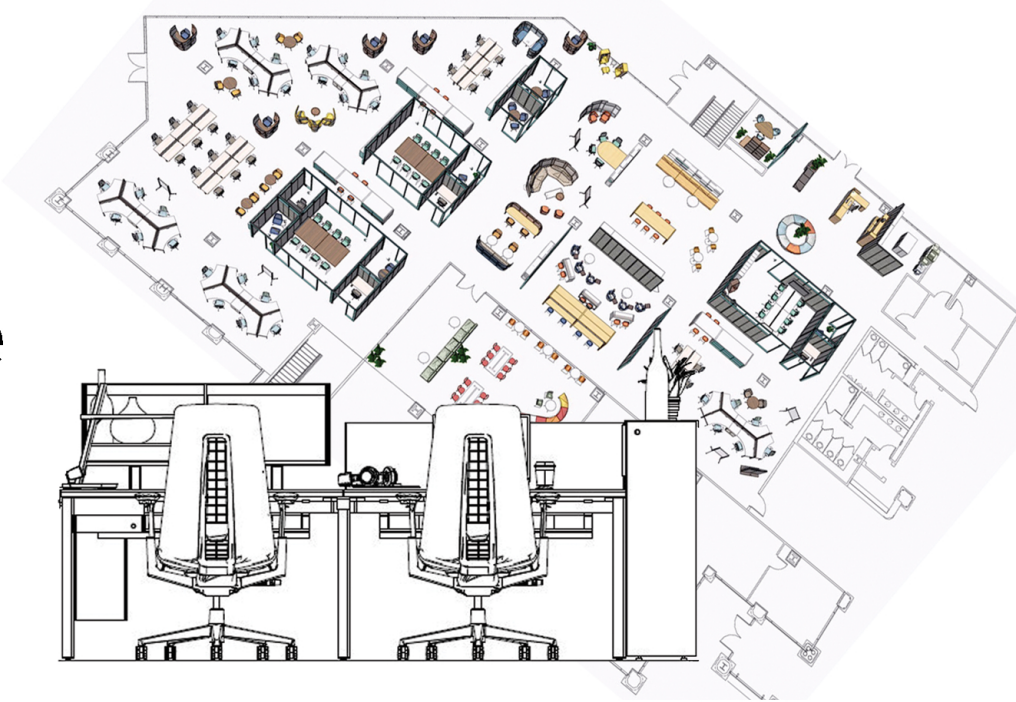

Outside is the new in

In 2018, L.L. Bean joined several of the nation's best-known companies to encourage outdoor workspaces.

Experts say these collaborative "green" spaces actually leave people feeling less stressed and more focused.

Learn how the outdoors is becoming the new collaborative workspace

Are you planning a workplace change in 2020?

Managing change in the workplace, like any successful project, requires a systematic process that guides, prepares, and enables individuals to embrace change to achieve the desired business goals. Haworth research shows there are six steps to understand, communicate, and manage organizational change.

- Six Steps to Guiding Change
1. Engage Strategic Leadership
 2. Mobilize Middle Management
 3. Empower the Change Team
 4. Develop the Plan
 5. Prepare for the Change
 6. Reinforce and Evolve
