

EMERGENT BIOSOLUTIONS

Lansing, MI

Emergent BioSolutions is a global pharmaceutical company offering specialized products to healthcare providers and governments to address medical needs and emerging health threats.

Objective: Addressing employee culture. The client requested a space that would enhance the experience of their employees, help attract and retain talent, and address an employee culture that had grown through acquisitions.

Outcome: Assist in the culture shift by creating more collaborative spaces allowing increased communication between employees and amenity spaces such as a cafeteria and fitness center to enhance the employee experience.
