

MICHIGAN MUNICIPAL LEAGUE
Lansing, Michigan

The Michigan Municipal League is a non-profit organization dedicated to making Michigan's communities better. Services include state and federal advocacy, placemaking techniques, legal and insurance services, executive search services and education on topics relevant to municipal officials.

This project at Michigan Municipal League's headquarters in Lansing, Michigan featured a family of seating for a variety of settings. Custom tables and wood casegoods were selected for the conference and reception areas. The challenge was to blend contemporary, collaborative workspaces within a traditional, classically designed structure.

Installation & Furnishings: DBI
Design: Mayotte Group Architects
